	BUDGET FORM 1A: Summary of Major Changes
	FY 2020-21 and FY 2021-22
Major Changes	REG Department Response
major Grienges	The Department's FY2020-21 and FY2021-22 budget proposals contemplate funding for fixed and variable operating expenses of two elections, the November 3, 2020, Consolidated General Election and the March 8, 2022, Consolidated Statewide Direct Primary Election, as well as revenues and reimbursements the Department expects to receive.
1. SUMMARY. What major changes is the department proposing? Clearly describe each change, including the fiscal impact of the proposal, and how the department proposes to fund each significant change (i.e. reprioritization of existing funds, grants, or other new revenues). Include detail related to position changes in Position section below.	To expand access to services amongst all City residents eligible to participate in these elections, the proposals also include the Department's plans to expand voting centers into at least two neighborhoods with turnout below the City's historical average, and to continue outreach partnerships with nonprofits working with vulnerable residents and hard-to-reach populations across the City. The proposals also contain plans to support the City's Redistricting Task Force, following the release of 2020 census data, through securing a consultant with expertise working with census data. Each of these new projects was developed with the Mayor's goals and priorities for the coming years in mind, namely to address the challenges faced by those struggling on the streets, to provide City services for those most in need, and to help maintain safe, healthy, and vibrant neighborhoods. For additional details, please refer to pages 3-6 of the enclosed Department of Elections' Budget Proposals: Fiscal Year 2020-21 and Fiscal Year 2021-22 memorandum (memo).
2. EXPENDITURES. What expenditure changes did the department submit from the base budget? Please differentiate between General Fund and non-General Fund.	In FY2020-21, the Department will conduct the November 3, 2020, Consolidated General Election, which is projected to be one of the highest turnout elections in the City's history. Accordingly, the Department expects that public demand for election-related services, and resulting costs of providing these services, to be higher in the next fiscal year, relative to previous years. The Department projects an increase in expenses in most of its major accounts that will require General Fund support. For a detailed breakdown of expenditure changes in FY2020-21 and FY2021-22 as compared to the base budget approved during the last year's cycle, please refer to pages 10-12 of the enclosed memo.
(This should match an Audit Trail, as shown in form 3A Expenditure Changes).	
3. REVENUE. What revenue changes did the department submit from the base budget? Please differentiate between General Fund and non-General Fund.	The Department's projected revenue and recoveries in FY2020-21 total \$2,586,568 and \$876,628 for FY2021-2022, and reflect revenues the Department expects to receive from 1) candidate filing fees and paid ballot argument fees, 2) revenue recoveries from scheduled district elections, and 3) state grant. For additional details, please refer to pages 9-10 of the enclosed memo.
(This should match an Audit Trail, as shown in form 2A Revenue Report).	
4. TARGET. How did the department meet its target? What are the programmatic, operational, or staffing impacts of this	Due to the cyclical nature and timing of the upcoming elections, the Department is not able to propose such reductions at this time while still maintaining core elections-related services. However, the Department did identify several areas of operations in which the introduction of efficiencies would be feasible and would result in some
proposed reduction?	cost savings. For additional details, please refer to pages 7-9 of the enclosed memo.
S. POSITIONS. Did the department include changes to positions or special classes? What is the overall General Fund impact? Highlight any changes related to major changes/initiatives as noted in the Summary section.	The Department does not propose adding any permanent positions already approved under the last year's Annual Salary Ordinance and only seeks one substitution. For additional details, please refer to pages 13-15 of the enclosed memo.
(Reminder: No increases to General Fund supported FTE should be loaded in the system. Include reference numbers for all position changes).	
6. INTERDEPARTMENTAL SERVICES (IDS). Is the department proposing any discretionary changes to IDS workorders (excluding those that are centrally loaded by the Mayor's Office)? If so, describe the changes, including the change amount, the corresponding requesting/performing department, and whether those departments are in agreement with the change.	The Department maintains several interdepartmental services that are specific to election services and fluctuate based on the number of scheduled elections in a FY. Variable interdepartmental charges include those incurred for services from the Reproduction and Mail Services Division (for printing and reproduction of mailers and other election materials); the Sheriff's Department (for ballot security and collection services); and the Municipal Transportation Agency (for Election Night collection of results data). For additional details, please refer to page 17 of the enclosed memo.
(Reminder: A new IDS balancing report (15.20.012 3.b.2) is available in CFO Dashboards > Enterprise Planning in BI).	
7. LEGISLATION. Is the department seeking to submit any legislation with the budget? Does the department's budget assume any revenues/expenditures that require a legislative change?	The Department is not seeking to submit any legislation with the budget, nor does the Department's submission assume any revenues/expenditures that require a legislative change.
If so, please submit drafts of legislation along with the budget submission. Or provide a summary of desired legislation and an expected date of submission, if still in progress.	
8. PROP J: Identify existing Prop J Analyses that will continue, and if the department's budget proposes any NEW contracting out of work previously done by City workers.	The Department has received approval to contract out the assembly and mailing of its vote-by-mail ballot packets every year since FY2007-08 and now seeks approval to contract out the same services for the March 2022 election. The Department is not proposing any new contracting out of work previously done by City workers.
9. TRANSFER OF FUNCTION: Is the department requesting any Transfer of Functions of positions between departments? If so, please explain.	The Department is not requesting any Transfer of Functions of positions between departments.

	BUDGET FORM 1A: Summary of Major Changes FY 2020-21 and FY 2021-22
	REG
10. INTERIM EXCEPTIONS: Is the department requesting any interim exceptions (new positions that are 1.0 FTE rather than 0.77)? If so, for what reason are is the request being made?	The Department is not requesting any interim exceptions.
11. FELLOWSHIP PROGRAMS: Did the department apply to any citywide fellowship programs, including San Francisco Fellows, the Fish Fellowship, or the 1249 HR Analyst Trainee Program?	The Department is not applying or planning to apply to any citywide fellowship programs.
Reminder for <u>AIR, PRT, PUC and SFMTA</u> , please also address FY 21/22, including the 1249 HR Analyst Trainee program.	

Form 1B

Select a Report 15.40.001 GFS Target & Non GFS Balance - Dept Detail	Budget Year 2021	Snapshot Current	Department REG					
CY	2020	Phase CY	2019-2020	Phase BY 2020-2021	Phase BY+1	2021-2022	BY+1	2022

Due to the cyclical nature and timing of the upcoming elections, the Department is not able to propose such reductions at this time while still maintaining core elections-related services. However, the Department did identify several areas of operations in which the introduction of creative fiscal solutions would be feasible and would result in some cost savings. While these efforts will result in cost reductions, other factors will still control the Department's proposed budget over the next two years. Specifically, the reductions described in this section will be more than offset by costs incurred by the Department in preparing for multiple large elections, including the 2020 Presidential Election, which will likely be the most complex and time-consuming in the City's history.

BUDGET FORM 2A: Revenue Report

DEPARTMENT: REG

Please identify proposed revenue changes from the FY 2020-21 and FY 2021-22 Base Budget at the account level.

Note: To submit this information, run the 15.30.005 Snapshot Comparison (Audit Trail) report from the budget system.

Select the following criteria before running the report:

Budget Year: 2021

Before Snapshot: **Start of Dept** After Snapshot: **Current**

GFS Type: Do not select a value.

Filter report on "AAO Title" field to only display "Regular Revenues".

For any proposed changes, provide an explanation in the "Revenue Description & Explanation of Change" column.

Please contact your Mayor's Office or Controller's Office Analyst if you need assistance running this report.

All submissions must be formatted appropriately so that printed copies are easily readable for the public.

In estimating these revenues, the Department
GFS	460199	Other General Government Chrge	On-Going	\$1,366	\$1,505	\$139	\$1,366	\$1,505	\$139	YE	s also considers historical filling data in elections similar to those occurring in the next budget cycle.
GFS	448999	Other State Grants & Subventns	One-Time	\$900,000	\$1,668,750	\$768,750	\$C	\$748,500	\$748,500	YE	S California's 2019 Budget Act added \$87M in county funding to an original \$134M for the replacement of voting technology. It also modified the match requirement and allocated a specific amount to each county, based primarily on county size, number of precincts, and voting equipment needs. Consequently, in both FY2020-21 and FY2021-22, the Department will receive reimbursements from the state for voting system replacement costs, which will partially offset the leasing payments required under the City's contract with Dominion Voting Systems. For such costs, the Department plans to seek reimbursements of \$1,668,750 and \$748,500 in FY2020-21 and FY2021-2022, respectively.

Continuing Modified New Discontinued C M N D

Note:

**If Auto CPI adjustment = Yes, FY 2020-21 and FY 2021-22 Fee will be automatically generated based on the inflation factor determined by the Controller. If Auto CPI adjustment = No, FY 2020-21 and FY 2021-22 Fee will remain the same as previous year or entered by dept according to Code Authorization.

BUDGET FORM 3A: Expenditure Changes

DEPARTMENT: REG____

Please identify proposed expenditure changes from the FY 2020-21 and FY 2021-22 Base Budget at the account level.

Note: To submit this information, run the 15.30.005 Snapshot Comparison (Audit Trail) report from the budget system.

Select the following criteria before running the report:

Budget Year: 2021

Before Snapshot: Start of Dept

After Snapshot: Current

GFS Type: Do not select a value.

Filter report on "AAO Title" field to only display "Gross Expenditures".

For any proposed changes, provide an explanation in the "Explanation of Change" for each Budget Year column.

Please contact your Mayor's Office or Controller's Office Analyst if you need assistance running this report.

All submissions must be formatted appropriately so that printed copies are easily readable for the public.

GFS Type	Account ID	Account Title	Change Type Code	Start Dept Amt	End Dept Amt	Var Dept Amt	Start BY+1 Dept Amt	•	Var BY+1 Dept Amt	Explanation of Change
GFS	501010	Perm Salaries-Misc-Regular	On-Going	\$3,494,22	20 \$3,657,19	5 \$162,975	5 \$3,617,110	\$3,785,817	, \$168,707	The Department does not propose adding any permanent positions. The Department seeks to substitute a 1095 IT Operations Support V position, currently approved in the Annual Salary Ordinance, for a 1042 IS Engineer-Senior position to align the tasks expected to be performed by a person in this position with the City's classification structure. The 1042 IS Engineer-Senior will serve as the Department's lead technology and security officer, coordinating with local, state, and federal government officials, including the Department of Homeland Security, California Secretary of State's office, San Francisco Department of Technology, and county elections officials. This substitution will result in increase in permanent salaries: \$19,567 in FY2020-21 and \$20,255 in FY2021-22. In early 2020, a positon of the Assistant Deputy Director became vacant. The Department seeks to fill a similar 0951 Deputy Director position to manage several new programs, with a focus on the ongoing expansion of satellite voting centers. The filling of this position will result in \$143,408 reduction in attrition savings while still allowing for \$252,286 in attrition savings in FY2020-21 and FY2021-22.
GFS	505010	Temp Misc Regular Salaries	On-Going	\$2,289,21	\$2,880,33	5 \$591,145	\$2,289,210	\$2,574,277	\$285,067	For the November 3, 2020, Consolidated General Election and the March 8, 2022, Consolidated Statewide Direct Primary Election, in addition to operating the City Hall Voting Center, the SFSU Voting Center, and the Joseph Lee Voting Center, the Department proposes to open a fourth voting center in a neighborhood below City average voter-turnout (location is yet to be identified). The Department also plans to expand the capacity of the City Hall Voting Center, in anticipation of increased demand for election-related services during the 2020 election cycles. In FY2020-21, the Department estimates it will need to hire, onboard, and train approximately 479 temporary personnel to staff four voting centers in the presidential election and to carry out the new procedures mandated by state election law. This will result in additional personnel costs. In FY2021-22, the Department will conduct the March 8, 2022 primary midterm election and, due to lower projected voter turnout rates for the primary, the Department plans to constrict its temporary staffing from the levels necessary to administer the presidential election in the previous fiscal year. However, due to the need to continue staffing early voting locations and to continue administering CVR at polling places, the Department still proposes an increase from the base budget. The City's most recent Memoranda of Understanding (MOUs) contributed to a slight increase in this account.
GFS	511010	Overtime - Scheduled Misc	On-Going	\$643,57						8 In every election cycle, overtime costs strongly correlate with staffing levels. Given the proposed increases in temporary staffing, the Department projects corresponding overtime cost increase of \$106,428. To minimize overtime costs, the Department has moved some tasks related to the processing of CVR provisional envelopes until after the official Canvass period. These tasks include scanning envelopes for inclusion in each voter's record and mailing voter notification cards to the new registrants. However, to ensure the Department can comply with all legal election deadlines and issue final election results on time, considerable amount of overtime will still be required.
GFS	501070	Holiday Pay - Misc	On-Going	\$66,00	90 \$75,00	\$9,000			\$9,000	0 As with overtime pay, compliance with statutory deadlines will necessitate work on holidays, resulting in an increase in holiday pay.
GFS	509010	Premium Pay - Misc	On-Going	\$33,00						0 Bilingual pay terms in the City's most recent SEIU Local 1021 MOU contributed to a slight increase in this account.
GFS	513010	Retire City Misc	On-Going	\$778,47						Based on the requested changes to salaries noted above, a corresponding change to mandatory fringe benefits costs is noted here.
GFS	514010	Social Security (Oasdi & Hi)	On-Going	\$393,59						
GFS GES	514020	Social Sec-Medicare(HI Only)	On-Going	\$93,50

Budget Sys	tem Report 15.30	0.005 filtered on Gross Expenditures								
GFS Type	Account ID	Account Title	Change Type Code	<u> </u>	End Dept Amt	Var Dept Amt	Start BY+1 Dept Amt	End BY+1 Dept Amt	Var BY+1 Dept Amt	Explanation of Change
GFS	535810	Advertising	On-Going	\$73,243	\$98,243	\$25,000) \$73,24	\$98,24	3 \$25,000	As part of its continuing effort to provide residents with information about the features of San Francisco's voting system and the recent changes to the ballot format for ranked-choice voting contests, the Department plans to place ads on 17 television channels through Comcast, AT&T U-verse, or other major cable companies. Such advertisements result in \$25,000 increase in each FY.
GFS	530210	Garage Rent	On-Going	\$32,560	\$92,180	\$59,620	\$32,56	\$92,18	0 \$59,620	The Department is requesting additional funding for parking expenses due to increased numbers of vans, trucks, and other vehicles to support the remote voting centers and the new warehouse.
GFS	549250	Minor Data Processing Equipment	On-Going	\$104,263	\$116,263	\$12,000	\$104,26	\$104,26	3 \$0	The Department is requesting funding for the purchase of new remote desktop server licenses to allow access to the Department's computers via secured remote voter database connections. Microsoft no longer supports the Department's current software, Windows Server 2008, and the purchase of Windows Server 2019 licenses will bring the Department's remote access system up to date. The Department is also planning to purchase external SSD drives, flash drives, network switches, cellular network devices, network
										cables, and other peripheral supplies to replace the old supplies currently in use in the City Hall Voting Center. Finally, the purchase of Nest cameras would allow the Department to record and broadcast elections operations on sfelections.org, leading to expanded transparency in the elections processes.
										These purchases would result in an increase of \$12,000 in FY2020-21.
GFS	530310	Misc Facilities Rental	On-Going	\$1,420,824	\$1,531,453	\$110,629	\$1,420,82	\$1,574,60	7 \$153,783	The \$110,629 increase in FY2020-21 and \$153,783 increase in FY2021-22 is primarily due to increases in payments under contractual obligations with the Port of San Francisco, for the storage of voting equipment and other vital election documents at the Pier 31 warehouse, as well as rental and service costs incurred while operating three satellite voting centers.
										In FY2020-21, the City is likely to redraw its district lines and in FY2021-22, the Department will likely redraw precinct lines as well. Consequently, the Department expects the number of polling places to increase, resulting in higher facilities costs.
GFS	549510	Other Office Supplies	On-Going	\$142,707	\$266,207	\$123,500	\$142,70	\$216,20	7 \$73,500	The \$73,500 increase in each FY is primarily due to the need to purchase supplies such as privacy screens, ballot boxes, pens, and papers for three satellite voting centers. Additionally, the Department's polling place transport bags have gone through many elections and are now showing signs of wear and tear. These wheeled bags carry heavy loads of polling place supplies such as ballots, voter guides, privacy folders, signage, poll worker manuals, roster books, etc. The Department plans to purchase 50 new bags in each FY. The accessible voting equipment that allows voters to mark and print ballots using an accessible interface requires printer paper for which the Department will incur costs.
										With the opening of additional satellite voting centers and the implementation of conditional voter registration in polling places, the Department expects to begin processing a higher volume of registration affidavits and provisional ballots. During the next FY, as part of a plan to increase workstation capacity, hire more temporary staff, and speed up high volume processing tasks, the Department plans to modify the layout of the northern end of its office space at City Hall, which contributes to the increase in FY2020-21.
GFS	535610	Postage	On-Going	\$871,800	\$911,800	\$40,000	\$871,80	\$871,80	0 \$0	For the November 2020 presidential election, the Department expects an increase of \$40,000 in postage costs associated with mailing vote-by-mail ballot packets as well as in-house mailing costs. In-house mailings will include voter notifications, special request ballots, voter guides, and large-print/audio materials.
GFS	535520	Printing	On-Going	\$3,561,267	\$3,984,185	\$422,918	\$3,561,26	\$3,054,18	5 (\$507,082	The cyclical nature of elections, fluctuations in voter turnout, and the length of ballots all influence printing costs. As the Department expects a 5-card ballot and a very high turnout in the November 2020 presidential election, overall printing costs are expected to rise.
										In addition, the Department also increased the frequency of two legally-mandated notices, the Address Change Confirmation Card and the Move Out Confirmation Card, to match the frequency of Voter Notification Card postcards mailings. Maintaining the new mailing schedule will increase printing costs.
										Taking these facts and vendor quotes into consideration, the Department anticipates an increase in printing costs of \$422,918 in FY2020-21. There will be no increase in FY2021-22.
GFS	528110	Security	On-Going	\$12,000	\$57,000	\$45,000	\$12,00	\$57,00	0 \$45,000	During voting periods, the Department will need to procure security services to safeguard voting equipment and vital election materials at satellite voting centers, resulting in a \$45,000 increase in each FY.

GFS Type	Account ID	Account Title	Change Type Code	Start Dept Amt End D	Dept Amt	Var Dept Amt St	art BY+1 Dept Amt End	BY+1 Dept Amt Vai	r BY+1 Dept Amt	Explanation of Change
GFS	527990	Other Professional Services	On-Going	\$3,262,209	\$3,311,209		\$3,262,209	\$3,311,209		The \$49,000 increase in each FY will cover costs for the City's legally mandated online accessible vote-by-mail system that allows voters with disabilities and those serving in the military or living overseas to mark an electronic ballot in an accessible format.
GFS	535710	Subscriptions	On-Going	\$21,300	\$22,858	\$1,558	\$21,300	\$22,858	\$1,558	The Department determined that a subscription to the vehicle route optimization service RouteSolutions will improve the efficiency of polling place locating efforts and Election Day staff dispatching activities, resulting in a \$1,558 increase in each FY.
GFS	527610	System Consulting Services	On-Going	\$208,405	\$295,078	\$86,673	\$208,405	\$299,111	\$90,706	In 2019, the Department acquired a second ballot envelope-processing machine. Dual processing now allows for quicker reporting of preliminary election results. Expected maintenance costs for this machine are \$52,000 per FY, based on cost entries for the other processing machine. The Department will also be renewing contracts of the Election Management System and the other ballot envelope processing machine, resulting in additional increases.
GFS	545310	Uniforms	On-Going	\$300	\$1,300	\$1,000	\$300	\$1,300	\$1,000	The Department seeks increase of \$1,000 in each FY to purchase uniform vests, hats, and shirts for voting center staff, poll workers, and warehouse staff. Such apparel helps members of the public recognize Department employees.
GFS	531990	Other Equipment Rentals	On-Going	\$15,951	\$32,834	\$16,883	\$15,951	\$32,834	\$16,883	The Department plans to rent a reach truck, a forklift, stand lights, dollies, tents, and portable toilets for Canvass, processing, and storage work at the warehouse. The Department also plans to rent portable toilets for some voting centers and polling places. The rental of such equipment results in \$16,883 increase in each FY.
GFS	531210	Vehicle Rental	On-Going	\$177,235	\$182,235	\$5,000	\$177,235	\$182,235	\$5,000	In the recent past, the Department has rented a single box truck to transport supplies between voting facilities and the warehouse. With the launch of additional satellite voting centers, the Department will need at least one more box truck at a cost of \$5,000 in each FY.
GFS	560000	Equipment Purchase-Budget	One-Time	\$45,000	\$54,765	\$9,765	\$0	\$41,230	\$41,230	The Department seeks approval of \$21,700 for the purchase of two servers. Six of the Department's ten servers have exceeded their lifespans. While the typical industry server lifespan is 5 years, with consistent maintenance, the Department has been able keep its servers in use longer. Replacing two servers per fiscal year would allow the Department to reach its 5-year replacement goal. This purchase thus aligns with the City's disaster recovery goals by ensuring availability of replacement hardware for servers running mission critical applications. The first server the Department seeks to replace is a Backup Active Directory server that controls user access within the Department and functions as the Department's DHCP and DNS server, allowing for network control over the devices plugged into Department's network. The second server the Department seeks to replace is an application server that supports the same EIMS system detailed on Form 4A. Both servers reached the end of their useful life and both serve critical functions contemplated by the City's policies on technology.
										The Department also seeks approval of \$29,295 over the period of the next two fiscal years for the purchase of three production scanners. The Department's current production scanners have exceeded their lifespans and been in operations for more than 10 years. Replacing these production scanners is necessary to continue processing vital election materials (roster pages with voters' signatures, registration affidavits, and provisional envelopes).
GFS GFS GFS	581170 581770 581930	GF-Risk Management Svcs (AAO) GF-Parking & Traffic GF-Sheriff	On-Going On-Going On-Going	\$29,599 \$72,450 \$389,900	\$34,957 \$71,350 \$416,646	(\$1,100)	\$29,599 \$72,450 \$389,900	\$36,045 \$81,384 \$437,478	\$6,446 \$8,934 \$47,578	In BY and BY+1, the budget amounts were provided by the performing department.
GFS	538000	CBO Services - Budget	On-Going	\$0	\$250,000		\$0	\$250,000		To continue providing focused outreach to hard-to-reach populations, the Department requests \$250,000 in each fiscal year in its budget proposal. This money will fund a continuing series of grants to local organizations able and willing to provide educational outreach on RCV to voters with limited-English proficiency, seniors and persons with disabilities, young or first-time voters, and residents of neighborhoods with below City average voter-turnout. In the RFPs, the Department will place a specific focus on the need to find partners able to focus on providing election outreach to low-income populations and populations with no fixed address. The lack of a permanent residential or mailing address can make it difficult for some City residents to receive election-related materials such as educational flyers and voter information guides. In recognizing this challenge, the Department will make a concerted effort to partner with organizations with a history of successfully providing outreach and services to those populations. To support outreach efforts of grantees, the Department will continue efforts to develop print and digital outreach materials to emphasize services and options available to voters without permanent residence, including the right to register at cross-streets in lieu of a house number and the right to have election-related materials mailed via general delivery to a post office.

GFS Type	Account ID	Account Title	Change Type Code	Start Dept Amt	End Dept Amt	Var Dept Amt	Start BY+1 Dept Amt	End BY+1 Dept Amt	Var BY+1 Dept Amt	Explanation of Change
GFS	Redistricting		One-Time		\$0 \$150,	\$150,000		\$0 \$175,00		Redrawing of local district lines will involve a complex legal and statistical analysis. With regard to working through the legal aspects of redistricting, the Department plans to request the advisory services of the City Attorney's office. With regard to mathematical and statistical evaluations required to properly analyze the data from the 2020 census, the Department plans to hire an experienced redistricting consultant to assist the Task Force. In 2011, when the City last undertook redistricting, the Department successfully hired a contractor to conduct similar technical work, at a cost of \$95,000. Adjusting for inflation, the Department is seeking an approval of \$150,000 in its FY2020-2021 budget proposal, to hire a redistricting consultant to assist the Task Force in evaluating census data. There will likely be additional costs incurred by the Redistricting Task Force, namely personnel expenditures for administrative, outreach, translation, programming and cartographic work, as well as expenditures for materials and supplies. In 2011, such costs totaled approximately \$125,000. Due to inflation, The Department anticipates such costs are likely to be higher than those incurred by the 2011 Task Force. Accordingly, the Department seeks \$175,000 in its FY2021-2022 budget proposal to cover the anticipated costs of the Task Force. In total, the Department seeks \$325,000 to pay for all expenses to fund the 2021 Redistricting Task Force.

For any proposed changes, provide an explanation in the "Explanation of FTE and/or Amount Change" column.

Please contact your Mayor's Office or Controller's Office Analyst if you need assistance running this report

All submissions must be formatted appropriately so that printed copies are easily readable for the public. 1,036,112.00 Total BY+1 FTE Variance: \$ Total BY+1 Amount Variance: Total BY FTE Variance: \$ Total BY Amount Variance: 712,069.00 Budget System Report 15.30.004 filtered on Gross Expenditu Account Lvl 5 Name Job Class Title Start Dept FTE End Dept FTE Var Dept FTE Start Dept Amt End Dept Amt Var Dept Amt xplanation of FTE and/or Amount Change ttrition Savings - Miscellaneous \$142,85 \$147,884 The Department does not propose adding any permanent positions approved under the last year's Annual Salary Ordinance. In early 2020, a positon of the Assistant Deputy Director became vacant. The Department seeks to fill a similar 0951 Deputy Director position to manage several new programs, with focus on the ongoing expansion of satellite voting centers. The filling of this position will result in \$143,408 reduction in attrition savings while still allowing for \$252,286 in attrition avings in FY2020-21 and FY2021-22.) The Department seeks to substitute a 1095 IT Operations Support V position, currently T Operations Support Administrator V (\$141,765 oproved in the Annual Salary Ordinance, for a 1042 IS Engineer-Senior position to align th tasks expected to be performed by a person in this position with the City's classification ructure. The 1042 IS Engineer-Senior will serve as the Department's lead technology and ecurity officer, coordinating with local, state, and federal government officials, including 5010Salary 1043_C 1.00 \$161,332 \$161,332 \$167,00 \$167,006 the Department of Homeland Security, California Secretary of State's office, San Francisco IS Engineer-Senior 1.00 1.00 Department of Technology, and county elections officials. This substitution will result in increase in permanent salaries: \$19,567 in FY2020-21 and \$20,255 in FY2021-22. \$569 Based on the requested changes to salaries noted above, a corresponding change to one 9991M_Z ne Day Adjustment - Misc day adjustment costs is noted here 5010Salary EMPM_E emporary - Miscellaneous \$2,289,21 \$2,880,355 \$591,14 \$2,289,2 \$2,574,27 \$285,067 For the November 3, 2020, Consolidated General Election and the March 8, 2022, nsolidated Statewide Direct Primary Election, in addition to operating the City Hall oting Center, the SFSU Voting Center, and the Joseph Lee Voting Center, the Department oposes to open a fourth voting center in a neighborhood below City average voterrnout (location is yet to be identified). The Department also plans to expand the capacity of the City Hall Voting Center, in anticipation of increased demand for election-related services during the 2020 election In EY2020-21, the Department estimates it will need to hire, onboard, and train approximately 479 temporary personnel to staff four voting centers in the presidential election and to carry out the new procedures mandated by state election law. This will result in additional personnel costs. In FY2021-22, the Department will conduct the March 8, 2022 primary midterm election and, due to lower projected voter turnout rates for the primary, the Department plans to onstrict its temporary staffing from the levels necessary to administer the presidential election in the previous fiscal year. However, due to the need to continue staffing early voting locations and to continue administering CVR at polling places, the Department still poses an increase from the base budget. The City's most recent Memoranda of Understanding (MOUs) contributed to a slight crease in this account. OVERM E \$106,428 \$106,428 In every election cycle, overtime costs strongly correlate with staffing levels. Given the 5010Salary vertime - Miscellaneous \$643,57 \$750,000 \$643,57 \$750,00 oposed increases in temporary staffing, the Department projects corresponding ertime cost increase of \$106.428. o minimize overtime costs, the Department has moved some tasks related to the rocessing of CVR provisional envelopes until after the official Canvass period. These tasks clude scanning envelopes for inclusion in each voter's record and mailing voter otification cards to the new registrants. However, to ensure the Department can comply with all legal election deadlines and issue final election results on time, considerable nount of overtime will still be required. \$9,000 As with overtime pay, compliance with statutory deadlines will necessitate work on \$9,000 olidays, resulting in an increase in holiday pay. \$33,0 \$37,000 Bilingual pay terms in the City's most recent SEIU Local 1021 MOU contributed to a slight crease in this account. 5130Fringe otal Changes in Mandatory Fringe Benefits \$61,77 \$191,340 \$129,564 \$59,96 \$165,83 \$105,866 Based on the requested changes to salaries noted above, a corresponding change to

andatory fringe benefits costs is noted here.

The current hardware that houses these business critical application and data has reached it's Cio. In 2013. This system maintains all pertinent information regarding all Elections, veter information, candidate information and politing place and equipment information. This purchase aligns with the City's disaster recovery goals by ensuring availability of replacement hardware for servers running mission critical applications.					
GF Equipment Allocation	GFS	REG	1002-6787	RG Elections	RG2102	New	Bectric Forkilft	0	o	1		The Department of Election is requesting the purchas one electric foolitist or epiace the Department's current propone forfulf. We mainly operate the equipment indoors and the exhaust fune from the current machine are hazardous to the health of our staff. The Department transitioned to a new wavehouse in 2019 which has smaller aides between whiching units. Our off machine will not be able to navigate the aide as precisely as new smaller requested electric forfulls are able to. The Department sock to own a propane forfulf and rest another; the Department is currently renting two electric forfulf for use in our operations instead of exposing our staff to the funes of the propane.					

BUDGET FORM 4B: NEW General Fund Equipment Requests - No Yehicles
Departments that are making General Fund equipment requests should complete this form.

Do not load General Fund equipment requests in the budget yearen: they will be loaded centrally in Mayor phase.
Equipment numbers will be finalized after the Mayor's budget Office determines chywide equipment allocations.

Where applicable, volude installation dyclinating costs in the same line tem budget request in the tables below.

Equipment Numbers: First two characters are two-letter code for department, next two are second half of fiscal year (i.e. 21), last to are sequencing numbers (i.e. 01, 02)

Fiscal Year	Priority	Equipment Description	Justification of Need	Project ID	Project Title	Equipment Number	New / Replace	Number of Units	Cost Per Unit	Total Cost w/ Tax (formula)
ву	High	Canon Production Scanner	The Department currently has 3 production scanners that have secreded their liferagan and have been in operations for more than 10 years. Replacing these production scanners will speed up the scanning of rotor pages from politic places after election days and speed up the scanning of registration alfidinsts. This will not mateble earlier processing of provisional ballots as processors will need to utilize roster pages returned from politic places to confirm the eligibility of provisional votes.	10026787	EG Elections	RG2103	Replace	1	\$ 9,000.00	\$ 9,765.00
87+1	High	Dell Power Edge Rack Server	So of the Department's ten server have exceeded their litelegans. While the pixel industry sever friegen is 5 years, with consistent maintenance, the Department has been able seep its servers in the longer. Replacing the overers per fincal year would allow the Department to reach its 5-year explanement goal. This purchase thes align with the City's disaster recovery goals by ensuring availability of replacement hardware for servers unrining mission critical applications. The first server the Department seeks to replace is a Backup Active Directory server that controls user access within the Department and functions as the Department's JOHC and ONS server, allowing for network cortrol over the devices plugged into Department and functions as the Department's JOHC and ONS server, allowing for network cortrol over the devices plugged into Department and functions as the Department's DHC and ONS server, allowing for network cortrol over the devices plugged into Department of or form 4.8. But severe the Department seeks to replace is an application server that supports the same EMSS system dealed on form 4.8. But severe reclaced the end of their useful life and both sever critical functions contemplated by the City's policies on technology.	10026787	EG Elections	RG2201	Replace	2	\$ 10,000.00	\$21,700.00
BY+1	High	Canon Production Scanner	The Department currently has 3 production scanners that have secreded their fleepans and have been in operations for more than 10 years. Replacing these production scanners will speed up the scanning of proter appear from politic place after election days and speed up the scanning of registration affidiavits. This will in turn enable earlier processing of provisional ballacts as procession will need to utilize roster pages returned from politing places to confirm the eligibility of provisional votes.	10026787	EG Elections	RG2202	Replace	2	\$ 9,000.00	\$19,530.00

Please complete all shaded sections in this worksheet, as is required by San Francisco Administrative Code Section 2.15:

Department: Elections

Contract: Assembly and mailing of vote-by-mail ballot packets

for the November 2020 election

SEC. 2.15 SUPPLEMENTAL REPORTS REQUIRED

Any officer, department or agency seeking Board approval of a contract for personal services under Charter Section 10.104(15) shall submit a supplemental report to the Board of Supervisors in connection with the contract and the Controller's certification.

The report shall summarize the essential terms of the proposed contract and address the following subjects:

1. The department's basis for proposing the Prop J certification;

The Department's Assembly of Vote-by-Mail Packets Prop J contract for FY 2019-20 was approved during the last year's budget cycle and none of the assumptions have changed. The Department is seeking approval for the Assembly of Vote-by-Mail Packets Prop J contract for FY 2020-21. As shown in the Prop J Summary, the City stands to save an estimated \$1,450,747 by entering into this contract.

2. The impact, if any, the contract will have on the provision of services covered by the contract, including a comparison of specific levels of service, in measurable units where applicable, between the current level of service and those proposed under the contract. For contract renewals, a comparison shall be provided between the level of service in the most recent year the service was provided by City employees and the most recent year the service was provided by the contractor;

No impact.					

The department's proposed or, for contract renewals, current oversight and reporting requirements for the services covered by the contract:

The Department performs a cost analysis comparing services listed on the contract, services received, and services billed, prior to processing any form of payment.

	byees covered under the contract, and the contractor's current labor agreements for byees providing the services covered by the contract:
C	0.66 per Assembled Packet - 5 Cards
contra Admin	e department's proposed or, for contract renewals, current procedures for ensuring the actor's ongoing compliance with all applicable contracting requirements, including histrative Code Chapter 12P (the Minimum Compensation Ordinance), Chapter 12Q lealth Care Accountability Ordinance); and Section 12B.1(b) (the Equal Benefits ance);
	The proposed vendor is qualified by the Office of Contract Administration for doing business with the City.
	e department's plan for City employees displaced by the contract; and,
	This contract will not result in the displacement of City employees.
could l	liscussion, including timelines and cost estimates, of under what conditions the service be provided in the future using City employees. (Added by Ord. 105-04, File No. 94, App. 6/10/2004)

- Comments/Assumptions:

 1. FY 0708 would belwas the first year these services are/were contracted out.

 2. Salary levels reflect proposed salary rates effective July 1, 2020. Costs are represented as annual 12 month costs.

 3. Variable firing benefits consist of Social Security, Medicare, employer retirement, employee retirement pick-up and long-term disability, where applicable.

 4. Fixed fringe benefits consist of health and dental rates plus an estimate of dependent coverage.

Salary and Benefits for Each Job Class from Enterprise Planning FTE Cost Report

Complete this with the cost of 1.0 FTE; the actual FTE needs will be calcuated in the Personnel and Fringe Benefit costs.

	TOTAL CONTRACT COST			\$	251,444.00	\$	295,809.00

1. <u>List all assumptions</u> made in calculating contract cost.
Include any private wage rates, population estimates, square footage estimates or other data used in calculating your contract cost. Please

- 1) Main ballot extract is estimated to require 413,650 vote-by-mail ballot packets to be assembled and mailed (including 399,000 permanent vote-by-mail voters, 4,000 mail ballot precinct voters, and 10,650 military/overse
- 2) Subsequent extract will require 30,000 vote-by-mail ballot packets to be assembled and mailed.
- 3) Each ballot packet is estimated to contain 5 ballot cards. Low estimates assumed 4 ballot cards will be used. The number of ballot cards that will be used depends on various factors including but not limited to number of contests and propositions that will appear on the ballot.

2. What is the source of data used to calculate the contract cost?

Quotes from the vendor.

3. What year is your data from?

2019 December.

4. If contract cost is based on an RFP and before a contract has been approved, was the RFP for comparable services?

N/A

Contract Monitoring Costs:

Does/would contract require monitoring? If yes, fill out the details below. If not,	Yes
explain why, as this would be unusual
