Good Morning Task Force Members,

I hope you are doing well and in good health. As requested at the last Task Force meeting, we will be sending a weekly update with the progress of our digital outreach and the next steps for the following week. We added new lists and contacts to our email blasts, including all individual Task Force members' emails yesterday. However, we've run into technical issues with bounces that we are troubleshooting now. Rest assured that all emails have been added, but we are working diligently to fix the issue on the backend. We will send an update as soon as we solve this issue.

If you have any questions or concerns, please reach out at your earliest convenience.

## Why is Redistricting Important?

As our population shifts and grows, the City is legally required to redraw supervisorial district lines every ten years to ensure equal and equitable representation for all San Francisco residents. Redistricting directly impacts communities' access and ability to voice their goals, ideals, and objectives to their government officials through elections and policies. This process helps ensure that communities of interest are kept intact with meaningful representation.

RE: RDTF Priority Organizations

Below you will find a template in which we will populate with “priority organizations” within each district that will receive personalized emails and/or follow-up phone calls from a member of our team to encourage participation in the redistricting process. Individual engagement with community groups will promote community awareness for the next Task Force Meetings, In-District Meetings, or targeted COI events.

- An initial email will be sent **two weeks prior** to each meeting, inviting organizations to share meeting information within their communities and to encourage participation.
- A follow up email will be sent a week prior to the meeting.
- The final email reminder will be sent the day before or the morning of the event.

As this is an open, editable document, please include any additional district-specific community organizations you consider influential and critical for this priority outreach in the **table below**. Please also include contact information (name, email, phone) if available.
