I just saw him on KRON -TV. Another stupid idea to not have traffic stops for minor traffic violations when minority vehicles are involved is something he and probably most of you support but that's the problem. It's just like the broken windows theory. It Worked! When you allow graffiti, "small" traffic violations, petty theft... it only leads to bigger and bolder crimes like those we are seeing daily. This isn't helping anyone it's enabling and that's exactly what is wrong with this city today.

Voters here have become sick and tired of the so-called "Progressives" and their failed policies and I hope more responsible people without ideological agendas get replaced!
