Subject: Stop the "Proposed SFPD General Order 9.01.01"
Date: Monday, September 12, 2022 9:44:12 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear San Francisco Police Commission, Mayor Breed, and Human Rights Commission:

Please allow police officers to keep our community safe by having an ability to continue the much needed traffic enforcement and pretext stops for illegal turns, broken headlights/ taillights/ brake lights, littering, missing license plates, etc.

Please hold hearings and collect feedback from citizens and residents throughout the city.

This unwarranted policy would lead to more traffic accidents, more shootings and more crime. Safety is a fundamental need for a stable community. The surge in crime throughout the city has made San Francisco a dangerous destination for tourists and pushing taxpayers and life-long residents out of our city.

Please keep our neighborhood safe and let our police force do their jobs. If your concern is racism, this is NOT the way to address this concern. It's similar to cutting your nose to spike your face. With this policy, your average citizen will suffer yet again. This policy invites crimes into the city and invites people to come into San Francisco to have a "free for all" in our streets and towards our citizens - making your community an easy target and easy victims of crimes & bad behaviors!

Thank you for your consideration and for being open-minded to other ways to addressing the concern on racism (because this policy is NOT it).

Sincerely,
Bessie Tam/ Resident of District 1 (Outer Richmond)
