

Yerba Buena Island Native Plant Demonstration Gardens

TIDA Board of Directors Sustainability Committee
July 21, 2022

YBI Native Plant Demonstration Gardens

- “Bringing Yerba Buena Island to Treasure Island”
- Since 2019, 8 gardens installed adjacent to on-Island community serving facilities and Island businesses
- Installed by Rubicon Landscape utilizing plant stock from on-Island native plant nursery operated by Literacy for Environmental Justice

YBI Native Plant Demonstration Gardens

- Gardens contain an assortment of species intended to showcase the diversity of YBI's native flora.
- Species for individual sites are chosen based on site conditions including exposure, orientation and on-Island location.
- Rubicon Landscape maintains the sites under the Master Agreement for Landscape Services.
