San Francisco Elections Commission
Website Feedback & Suggestions
President Stone
February 28, 2023

Short term versus long term

- Section Headers (Rather than at the bottom – these are too far down) should include:
    o About Us
        ▪ Drop Down & Subsections:
            • Commissioners
            • Commission Policies
            • Official Documents
    o Meetings
        ▪ Drop Down:
            • Upcoming
            • Past
    o Committees
        ▪ Drop Down:
            • Current
            • Discontinued
    o Contact Us (hyperlink → mailto: commission mailbox)
- Content to include and organize by sections (these are areas currently not on the website/hard to find; they are not intended to be in lieu of current website content)
    o About Us
        ▪ Commissioners
            • Aggregated Demographic Information (self-identified)
            • Individual Commissioners – Names, pronouns (commission policy as of 09/21/22), titles, appointing authorities, appointment terms, email addresses.
                o These should be on the page itself and not separate pages, at least until we do full bios.

- Other edits
  - Remove "Events" section of website
  - Continuity with style
