

FSTF – Reimagining Food Coordination Subcommittee Ground Rules

Next Steps

By the next subcommittee meeting:

1. Read Jade's report.
 1. If you heard about a specific model/information that you think is missing from Jade's report, find the appropriate contact person.
 2. Send this information to Chair and Eric.
2. Add any criteria you think is missing to our current list.
 1. Create a final list of criteria that should be used to meet San Francisco's needs.

We will reconvene on October 24 to:

- Collectively finalize the criteria list
- Choose a system to weigh each criteria
- Assign weight values to each criteria
