BHS	Jamestown Community Center								
	Jamestown Community Center SUD Prevention	Scoring suspended due to COVID-19 impact.	NA	NA	NA	NA	No	20-21	The program was exempted from review of performance objectives and contracted deliverables. The program conducted a client satisfaction survey and reviewed the results. The program obtained mixed results in the performance of the Objectives. The program is commended for excellent performance in training data entry staff annually in PPSDS, in training services delivery staff in serving LGBTQIA2S youth and their families and in California Prevention Institute Core Competencies, and for having youth graduating from environmental prevention programs show an improvement from pre-to-post on youth development and the perception of risk of harm in drinking alcohol. The SOC did not provide data for 28% of the Objectives that are published online by CDTA. In order for the program to be credited for all performance achievements in the future, BOCC recommends that the program obtain a copy of the report from Golden Bear Associates and review it for accuracy before the SOC submits it to BOCC. The client satisfaction survey data is submitted by the program to Golden Bear Associates which is a consulting agency, then a report is submitted to the SOC. However, the analysis of the surveys are not shared with the program. BOCC recommends that the program obtain a copy of the survey analysis for review and for use in programming.
BHS	Youth Leadership Institute								
	Youth Leadership Institute	Scoring suspended due to COVID-19 impact.	NA	NA	NA	NA	Yes	20-21	The program met 33% of its contracted performance objectives and 86% of its contracted units of service target. The program completed its client satisfaction survey and reviewed the results. The program obtained mixed results in the performance of the Objectives and excelled in training staff in PPSDS data entry, training staff in serving LGBTQIA2S youth and their families, and in improving youth development and the perception of risk of harm in drinking alcohol. No data was provided by the SOC and no response was received from the program for data request for 27% of the Objectives. Plan of action issued for failure to respond to request for attestation to compliance with all SABG funding policies and procedures requirements and missing performance objectives data.
