Ballot Proposition

This ordinance authorizes the following ballot proposition to be placed on the March 5, 2024 ballot:

“SAN FRANCISCO AFFORDABLE HOUSING BONDS. To construct, develop, acquire, and/or rehabilitate housing, including workforce housing and senior housing, that will be affordable to households ranging from extremely low-income to moderate-income households; shall the City and County of San Francisco issue \$300,000,000 in general obligation bonds, subject to independent citizen oversight and regular audits, with a duration of up to 30 years from the time of issuance, an estimated average tax rate of \$0.0057/\$100 of assessed property value, and projected average annual revenues of \$25,000,000?”

The proposed ordinance includes accountability and transparency measures.

### Background Information

The City and County of San Francisco ("City")'s General Plan 2022 Housing Element ("2022 Housing Element") details the City's goals, objectives, and corresponding policies and programs to meet the housing needs of all San Francisco residents, with a focus on racial and social equity. This includes the objective to substantially expand the amount of affordable housing for extremely low- to moderate-income households (2022 Housing Element, Objectives 4.A and 4.B), as well as the requirement for San Francisco to plan for and support the production of 46,598 affordable housing units over the next eight years as mandated by the Regional Housing Needs Allocation Plan.

While City policies and programs provided temporary support, overwhelming demand far exceeded and continues to exceed the City's available resources. The City's economy is still recovering from the pandemic, and the impacts of the pandemic will have lasting effects, particularly for families and individuals that were disproportionately impacted by the pandemic (2022 Housing Element, Figure 33).

The proposed Bond will provide a portion of the critical funding necessary to construct, develop, acquire, and/or rehabilitate rental affordable housing projects in the City, including senior housing and workforce housing.

The Board of Supervisors found that the amount of money specified for this project is and will be too great to be paid out of the ordinary annual income and revenue of the City, and will require expenditures greater than the amount allowed therefor by the annual tax levy.
