			of the IOR is to provide competent and continuous inspection of all phases of hospital construction, allow OSHPD to efficiently monitor the construction process, and assure that the work is being performed in accordance with OSHPD-approved plans and applicable codes. An IOR must record all construction activities that occur on site and is responsible for verifying such items as seismic anchorage and equipment; the bracing of all mechanical, plumbing, and electrical piping; and conduit installation in accordance with the approved documents and installation procedures. The IOR also oversees all inspections and witnesses work performed by outside inspectors. As part of the inspection team and as the liaison between the Owner (City), the Architect of Record, and OSHPD, the IOR observes and reports the results of each inspection to all responsible parties.			
47587 - 22/23	AIRPORT COMMISSION	\$750,000.00	Veterinary care services for approximately 18 working canines of the San Francisco Police Department Airport Bureau (SFPD-AB) Canine Unit at San Francisco International Airport (Airport). 47345 - 23/24	ASSESSOR / RECORDER	\$564,250.00	The Office of the Assessor-Recorder's (ASR) property assessment system is one of the most important IT resources in the City and County of San Francisco, as it	January 1, 2024	December 31, 2026	REGULAR

<u>PSC No</u>	Dept Designation	PSC Amount	Description of Work	PSC Estimated Start Date	PSC Estimated End Date	Type of Approval
			<p>tracks all valuations and modifications for taxable property in the City and is responsible for generating property tax revenues of over \$3.0 billion annually. ASR's current property tax system is a proprietary system that was designed and installed over 20 years ago and is highly customized for ASR.</p> <p>ASR is in the process of replacing our property tax assessment system with a new modernized system known as the System for Managing Assessments, Records, and Transactions (SMART) which will more fully support ASR's property assessment functions. Given that SMART will require an additional year to fully implement and deploy, it is essential that ASR be able to maintain and update the current system until the new system goes live and the old system can be fully decommissioned. Therefore, ASR is undertaking a new contract in the amount of \$564,250 for a software maintenance services agreement; the initial contract term is one (1) year with two (2) one-year options to extend for one year each</p>			
<u>48439 - 23/24</u>	HUMAN RESOURCES	\$900,000.00	<p>City candidates and employees need timely access to medical clearance and monitoring examinations, which are required for certain job classes under state and federal regulation.
