## 2023-2024 HCAO Minimum Standards: Common Clarifications

Minimum Standard	Clarification
<p><b>Type of Plan</b></p>	<ul style="list-style-type: none"> <li>All gold- and platinum-level plans written in California are deemed compliant if the plan satisfies the following Minimum Standards:               <ul style="list-style-type: none"> <li>the employer covers 100 percent of both the plan premium and medical services deductible. Employers may use any health savings/reimbursement product that supports coverage of the medical deductible; <u>and</u></li> <li>the plan covers all required covered services standards (5, 8-16)</li> </ul> </li> <li>Plans may be reviewed by designated DPH staff to determine whether the plan complies with all requirements for covered services.</li> </ul>
<p><b>1. Premium Contribution</b>            Employer pays 100% of the premium contribution.</p>	<ul style="list-style-type: none"> <li>Refers <u>only to individual medical</u> coverage and not vision/dental.</li> <li>No money may come out of an employee's paycheck to pay the premium contribution.</li> <li>Employer is only required to offer at least 1 HCAO compliant health plan for which the employer must pay 100% of the premium contribution for the covered employee.</li> <li>Employer has the discretion to offer any additional health plans for which there can be an option for employees to contribute to their premiums.</li> </ul>
<p><b>2. Annual Out-of-Pocket Maximum</b></p> <p><u>In-Network:</u></p> <ul style="list-style-type: none"> <li>Employer must cover in-network out-of-pocket expenses up to 50 percent of plan's annual out-of-pocket maximum. These expenses must be covered on a first-dollar basis.</li> <li>Employers may use any health savings or reimbursement product that supports compliance with this minimum standard.</li> <li>OOP Maximum must include all types of cost-sharing (deductible, copays, coinsurance, etc.).</li> <li>The plan's out of pocket maximum cannot exceed the <i>California Patient-Centered Benefit Design</i> Out-of-Pocket limit for a silver coinsurance or copay plan during the plan's effective date. In 2023, the limit is \$8,750.</li> </ul> <p><u>Out-of-Network:</u> Not specified.</p>	<ul style="list-style-type: none"> <li>If a HRA or HSA is utilized to cover the employee's in-network out-of-pocket expenses, there is no need to pre-fund the full out-of-pocket expenses amount.</li> <li>Employer may use a third-party administrator or other appropriate option to manage reimbursement of employees' medical expenditures that count towards the in-network out-of-pocket expenses as long as employees' protected health information remain private and confidential in accordance with state and federal laws.</li> <li>Employers are encouraged to discuss the optimal reimbursement mechanism with their benefits administrator. While not required, employers are strongly encouraged to provide an employer-funded mechanism, such as a pre-funded debit card, to beneficiaries to cover out-of-pocket expenses (e.g. copays) upfront.</li> <li><i>Example of how standard would be applied to a health plan:</i> If a plan's annual out-of-pocket maximum for in-network services is \$8,000, then the employer must cover the initial \$4,000 of the employees in-network health expenses that count towards the OOP Maximum.</li> </ul>

Minimum Standard	Clarification
<p><b>16. Other Services</b> The full set of covered benefits is defined by the California EHB Benchmark plan.</p>	<ul style="list-style-type: none"><li>• Although all gold- and platinum-tier health plans are considered automatically compliant under the HCAO Minimum Standards, <b>they must still offer coverage for the full set of covered benefits as defined by the <a href="#">California EHB Benchmark plan</a>.</b></li><li>• Health plans offered by out-of-state contractors doing business with or in the City and County of San Francisco must provide coverage for the services covered by the California EHB Benchmark plan.</li></ul>
