Program Activity/Project Description

United Playaz, a violence prevention and youth development organization based in San Francisco's South of Market (SoMa) neighborhood, proposes to renovate, seismically rehabilitate, and expand an existing building to develop a two-story community hall. The project would include three meeting rooms, staff offices, a kitchen, rest rooms, and utility and circulation space. Most of the second level would be devoted to an outdoor terrace that would include seating areas, landscaping, and a single-hoop basketball court. A new elevator would connect the building's two levels.

The project would provide a total of about 4,400 square feet of interior space, while the second-story outdoor terrace would be nearly 2,050 square feet in size.
