Most Restrictive

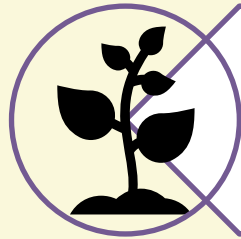

MHSA Overview

Inacted Into Law in 2005

Funded by a 1% income tax on
income < \$1M

Designed to transform mental health
systems and address unmet needs

Based on a set of core principles

The Problem Facing Black Moms

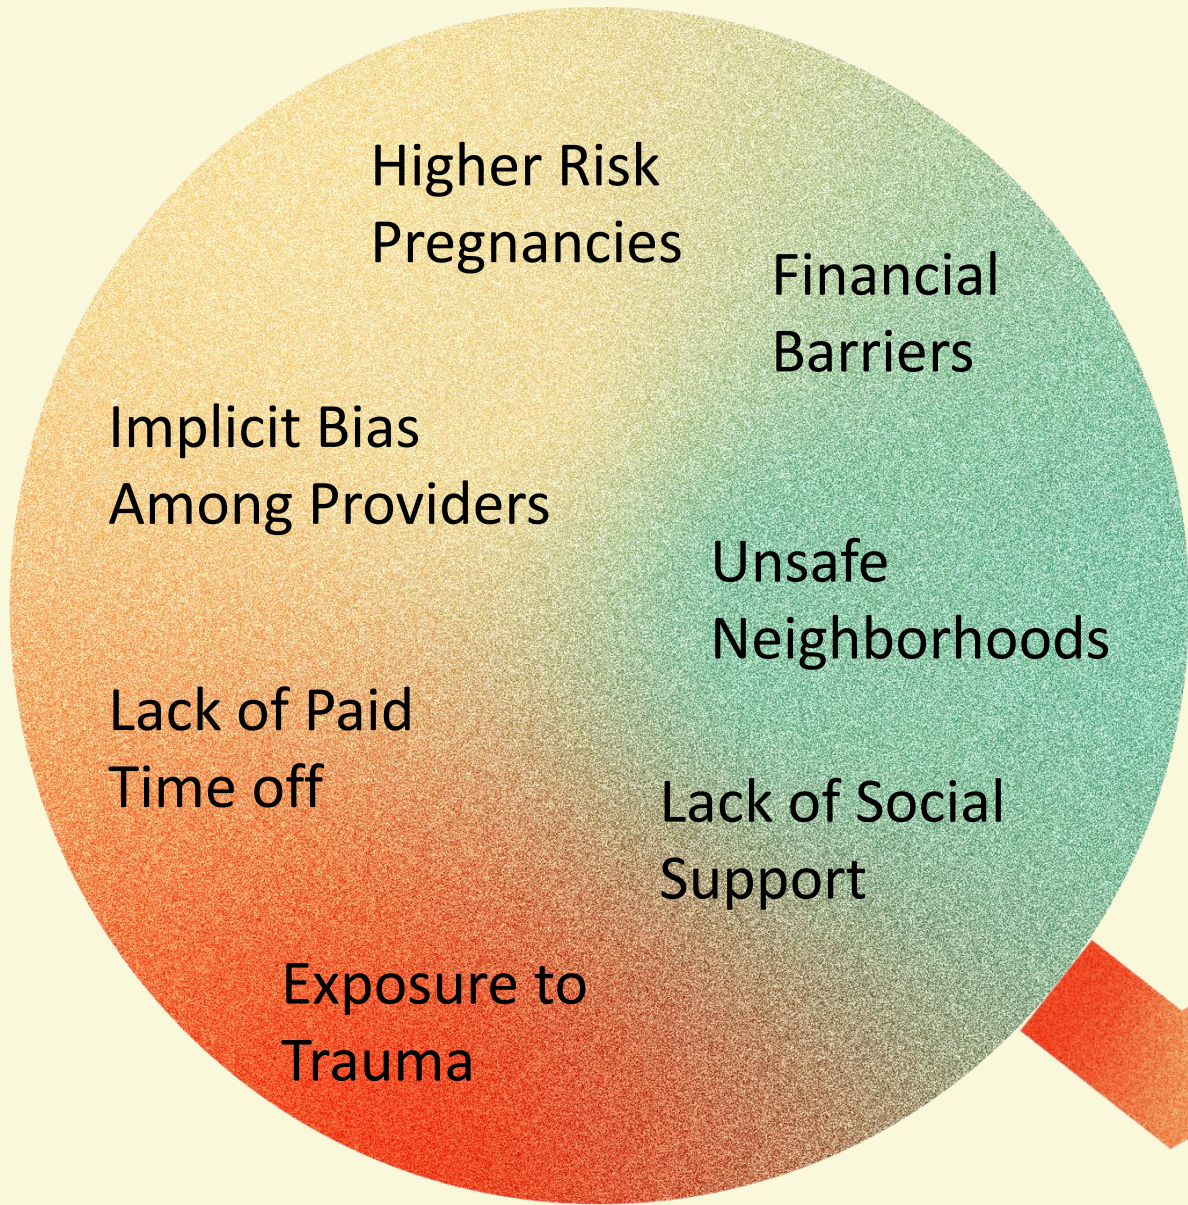

More likely to suffer from
perinatal mood disorders

Black people were 1.4x more likely to
have a post-partum mental health
condition compared to other racial
groups

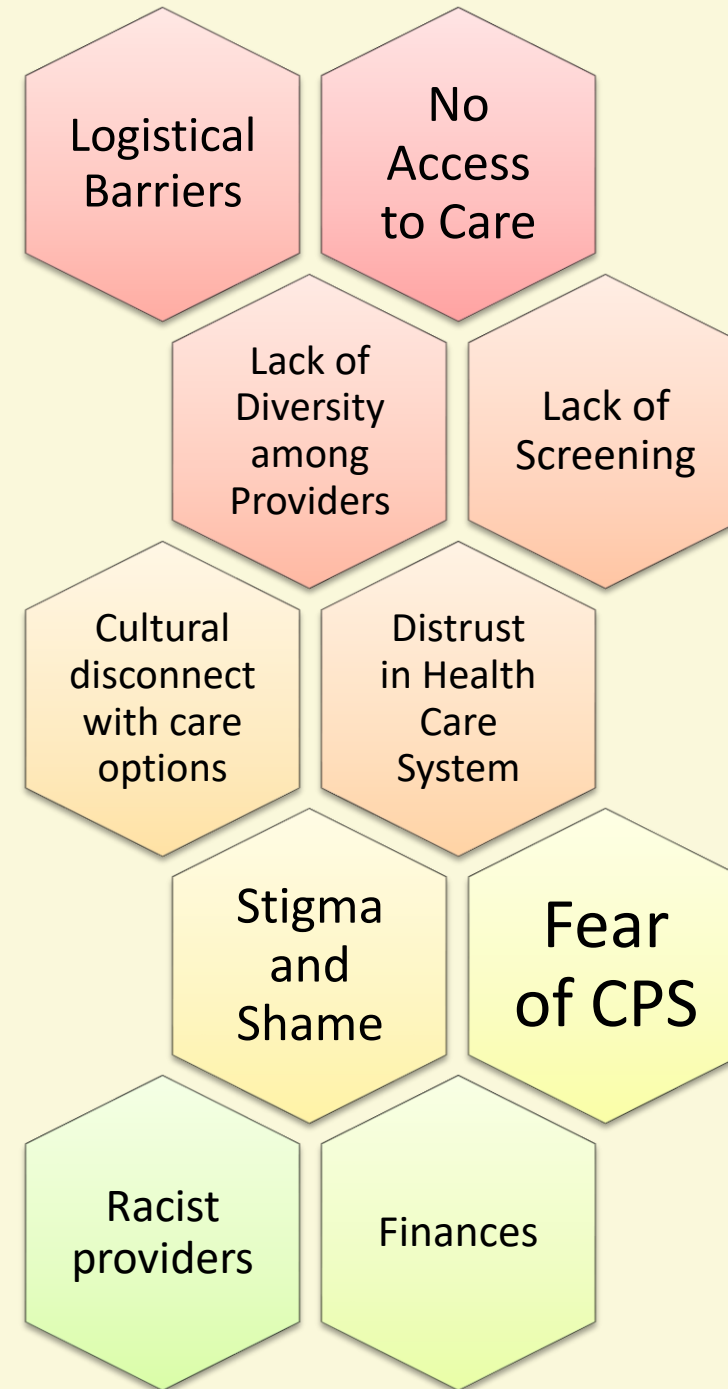

Less likely to receive
treatment

Black people were less than half as likely
to get mental health treatment or
initiate medication

The Problems Facing Black Moms

The Barriers Facing Black Moms Seeking Care

Target population

- The Department supports services to all ethnicities and populations.
- Services will have a focused goal to support the Black/African American residents of the City and County of San Francisco who are in the pregnancy, perinatal and postpartum period of their maternal health.

Satisfaction

The background features several decorative elements: a purple-to-pink gradient arc in the top left and top right corners; a large, multi-petaled flower in shades of pink and purple on the left side; a large, multi-petaled flower in shades of pink and purple on the right side; and two stylized, layered flower shapes at the bottom, one on the left and one on the right, with colors ranging from red to yellow. The text is centered in the middle of the page.

Thank you!
