BLACK CENTERING MIDWIFERY-LED GROUP PRENATAL CARE

Our Mission is to make Black Midwifery-led care accessible in SF to Black people & their loved ones during pregnancy, postpartum, & beyond. How? Through group & 1:1 care, community activities, & trusted collaborations.

BLACK CENTERING COOKING CLASSES

Chef Eskender hosts a 4 part cooking class series at Radio Africa Kitchen for all Black Centering participants past & present. All ingredients, cooking supplies, and a community dinner is provided each class. The cooking classes build on each other from cutting basics to preparing a full ll nourishing meal.

BLACK CENTERING CPR CLASSES

made possible quarterly by a local Black Nurse Sorority

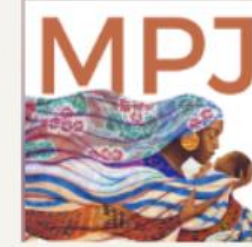

MoAD

BLACK CENTERING COMMUNITY GATHERING

An annual event for all past & present Black Centering participants and their loved ones. An opportunity to share community. We dress up, share memories, introduce babies, share birth stories, and enjoy a private tour of a beautiful & safe space in SF, the MoAD.

MORE

COLLABORATORS

Postpartum Justice is a CBO that provides Black Centering households 6 weeks of postpartum nourishing meals delivered to their doorstep. Each week there are 8 meals included for the household to share.

One Love Black Community is a CBO that provides Black Centering households a show up during pregnancy & postpartum. This includes a One Love Box filled with produce, over 20 essential household items, diapers, wipes, clothes, resources and so much.

The Children's Book Project is a CBO that provides new racially concordant books to Black Centering participants during their pregnancy.

BLACK MIDWIFERY FELLOWSHIP, CA

The purpose of the Black Midwifery Fellowship (BMF) in California is to create a comprehensive full scope midwifery fellowship with a focus on Abortion Training.

Respectful Care: Do No Harm

Risk assessment and harm prevention in the Family Birth Center

Judicious use of OB interventions

- Fetal monitoring
- IOL
- C/s

Standardized protocols for OB emergencies

- Emergency C/s (CODE OB)
- Hypertensive crisis
- Postpartum hemorrhage

POST-VAGINAL BIRTH DEBRIEF:

To be done prior to provider leaving room after birth; make sure patient is covered and comfortable for this conversation

- **Pt name:** ___ had a vaginal birth (with forceps/vacuum PRN) @ _____ (delivery time).
- **Quick summary in less medical language for the family:**
(e.g., "You pushed with such great energy for 2 hours, which is a normal amount of time and your baby transitioned to life outside the uterus really well right on your chest. You have a small tear in your vaginal tissue, but I did not need to use stitches because it will heal well on its own.")
- **Baby's Apgars were** _____ **&** _____
- **There was a** _____ **laceration/no tear/episiotomy**
- **QBL is** _____
- **Send placenta?** Yes / No
- **PPH risk is:** _____ (low/med/high)***
- **Concerns that remain are:** _____ (e.g., "Chorio -We will be continuing antibiotics for 24 hours. PPH – We will check a CBC in the morning and consider IV iron PRN).
- Patient-/family-directed question: Do you have any concerns / questions?
- What went well?
- When should the team meet for a PPH debrief (if > 1000 mL) or if a team member wishes to have a Team Debrief?

Respectful Care is central to the patient experience

Community Involvement

- Patient navigators
- Public Health Nurses
- Doulas

Training

Pediatric & Perinatal Equity Toolkit

- Feedback tools for peer coaching and support
- De-escalation tools
- Debriefs and timeouts with an equity lens
 - Dyad care coordination meetings to help families stay together

Intentional solicitation of feedback

Respectful Care supports the whole family

Pregnancy Pop-Up Village

*2nd Saturdays, Southeast

*The mobile clinic offers basic
medical care and referrals to ZSFG*

**Scan for
April 2024
Pop-Up info**

*The Vision Board promotes
community engagement*

Respectful Care is strengthened by community collaboration

HPP CHW Manager Maisha Jones (center) with Solid Start's Medical Director Melanie Thomas (L) and Care Navigator Gaby Diaz (R)

Solid Start at ZSFG + Homeless Prenatal Program *Community Health Worker (CHW) Internship Program*

Holistic needs assessment, care navigation, and optimized connections to community resources through sustainable partnerships

- CHWs work side-by-side with Solid Start's care navigation team onsite in 5M/6M/L&D
- Patients have access to rapid intake for HPP services and baby care items, food, and other essentials during their clinical visit, minimizing referral wait times

CHWs delivering car seats to L&D for families being discharged after birth

Respectful Care includes attention to mental health

In 2023, 137 Black pregnant people received prenatal care in 5M (Centering, High Risk OB, CNMs, MDs, NPs, Team Lily, HIVE clinics)

- 12.4% of 5M's prenatal care population in 2023

Black Perinatal Mental Health

Since January 2023, 52 Black-identifying patients have been connected to patient-centered, race-concordant perinatal mental health services offered by Solid Start's Black-identifying perinatal MH provider.

What's Next?

How do we ensure all Black birthing people feel welcome and have access to offerings that center Black pregnancy and Black birth?

- ZSFG clinical leaders + Solid Start, led by Black providers and staff

Medi-Cal's CalAIM Initiative: Birth Equity Population of Focus (PoF)

- Solid Start is Anthem/SFHN-approved provider of Enhanced Case Management (ECM) services for pregnant/postpartum people at ZSFG
- All Black-identifying pregnant and postpartum people are ECM-eligible through the Birth Equity PoF as of January 2024
