Chaplains Provide a Ministry of Presence
The Peer Support Unit is holding its 16th Family Academy. The purpose of the academy is to introduce friends and family of peace officers to Sheriff’s Office functions. We give them a glimpse of the courts, the jails, and the other places where you work. In the Family Academy, we let your loved ones know some of the pressures that you face and how they can help you work through them. We also let them know reasons for you to be proud of this career choice.

Based on information gathered from past academies, you will want to see, hear and yes, smell the same things many of us encounter on a daily basis.

The next Family Academy is a two-day event and will be conducted on [date] and [date] starting at our 1201 14th Street location. The academy includes presentations by different members of the department, hands-on demonstrations, tours of the jails and sheriff-controlled sites. Breakfast and lunch is also provided each day.

The Family Academy is open to any family member or close friend (over the age of 16) of a Sheriff’s employee. Space is limited. If you would like to reserve a spot or would like more information about the actual activities of the Family Academy, please contact:
