The COB will adopt a legislative system that will streamline the process of 1) drafting, submitting, and accessing status of legislation, 2) developing and managing public meeting agendas and minutes, 3) ensuring the integrity and retention of legislative records, 4) providing a legislative drafting tool for city departments, and 5) providing a public portal accessible to the public for tracking legislation. The LMS would not only support the core business of the Board of Supervisors, but all City Departments and agencies that submit and recommend legislation and/or amendments. The technology solution will be developed, implemented, and supported through a software development and support agreement with the Contractor and internal COB IT staff.	09/01/2023	08/31/2028	REGULAR
