Damage to Bus – Possible Contraband

SOURCE: SFSO Transportation

On Tuesday, March 19, 2024, during a routine vehicle inspection, it was discovered that a portion of the bus bench on **Bus 173-716** was missing. The missing piece is approximately 10-12" in length. This piece of fiberglass could be sharpened to a point and made into a jail-made weapon (shank). An investigation has been launched. If you recover the missing piece, please contact Sergeant Tim Conway at Timothy.Conway@sfgov.org.

This is a reminder to always stay aware of your environment and conduct security cell searches as required. Safety is everyone's job!
