Making Public Comments at an MDC Meeting

We welcome the public's participation during public comment periods. There will be two opportunities for General Public Comment during the meeting, and time for item-specific public comment after DISCUSSION items. Each comment is limited to 3 minutes, unless the Co-Chair determines that, in the interest of time, comments will be limited to a shorter time when there is a large number of public comments.

For each public comment period, people with disabilities who wish to make public comments and who are comfortable identifying themselves as a person with a disability are invited to comment first. After these comments conclude, others will be invited to comment.
