## SFGov Reports

# Implicit bias training for department heads and commissioners

July 15, 2024

The Administrative Code (Sec. 16.9-28) says that department heads and members of City boards and commissions have to complete implicit bias training. Human Resources is required to post a monthly update on who has completed it.

The following City leaders have completed implicit bias training.

This list will be updated monthly. You can use the search function to check for a name.

This training and reporting is required by Ordinance No. 71-19 and Mayor Breed's Executive Directive 18-02 "Ensuring a Diverse, Fair, and Inclusive City Workplace."
