Project Description and Location

The SFMTA would implement the Slow Streets Toolkit improvements on 20th Street (between Shotwell and Potrero Avenue) [approved by SFMTA Board of Directors] and Chenery street (between Elk and Diamond streets) [not approved by SFMTA Board of Directors]. The following Slow Street improvements would be installed for these affected segments of Chenery Street and 20th Street: Permanent Slow Streets delineators replace existing temporary Slow Street barricades; and additional delineators would be installed at Mizpah Street and Thor Avenue as part of Chenery Slow Street. Slow Streets identification signs and cross-street signs installed. Wayfinding signs to connect to the citywide bike network installed. Slow Streets pavement markings with representative icons and the word 'Slow' installed.

Note: The 20th Street Slow Street was approved by the SFMTA Board of Directors. The Chenery Slow Street was not approved so no changes to Chenery or Mizpah Streets or to Thor Avenue have been installed.

Determination

The City and County of San Francisco decided to carry out or approve the 20th Street Slow Street project on March 21, 2023, when the SFMTA Board of Directors approved the project. The 20th Street Slow Street project was officially approved on April 21, 2023, when no appeal of the statutory exemption was filed during the 30-day appeal period. A copy of the documents may be examined at the Planning Department, 49 South Van Ness Avenue, Suite 1400, San Francisco, CA, 94103 in file no. 2023-001364ENV.
